

CROSSTRAK
2019 SERIES

JAYCO CROSSTRAK

The CrossTrak is Jayco's first ever hybrid RV which is custom built for off-road travel and adventures.

The beauty of Jayco CrossTrak is that it's the next step up from a Tent Trailer with a solid pop-top roof so it's a great transition RV for those people looking for a versatile all-round unit.

The CrossTrak is perfect for adventurous duos or families that want a lightweight RV that can be towed by mid-sized SUV's and has the capability to allow their adventures to continue off the beaten track.

Jayco CrossTrak boasts a 450kg payload with a low 1,350kg TARE weight. The reduction in weight comes down to our market-leading hot-dipped galvanised Endurance chassis (as seen on Silverline) and the JTECH 2.0 Independent suspension.

PURPOSE BUILT FOR OFF-ROADING

Outdoor living is at the heart of Jayco CrossTrak with an exterior kitchen and ensuite, making for a complete outdoor experience.

The outdoor kitchen features a 2-burner gas cooktop, stainless steel sink, overhead storage, towel rail and plenty of bench-space. Alongside the kitchen is a 720L boot with a slide out 55L portable 12V fridge.

The rear of the unit features a spacious outdoor shower area with a drop-down privacy tent, with a roof mounted flexible solar panel allowing for a complete off grid experience.

Modern and cosy living areas providing all the comforts of home with innerspring mattress, comfortable dinette seating and an array of overhead and cabinet storage space.

The outdoor kitchen features a 2-burner gas cooktop, stainless steel sink, overhead storage, plenty of bench-space & 55L portable fridge.

13.39-2

Exclusive to Jayco, JHUB phone app provides complete transparency of your RV's onboard features.

On top the rear hatch is a 150W flexi solar panel for charging your 100AMP deep cycle battery.

The rear hatch opens upwards to reveal the outdoor ensuite, complete with drop-down privacy tent and shower, with the option for a portable toilet.

Everything is taken care of, with clever storage solutions, generously spaced lounge, double glazed push windows and 12V LED strip lighting.

There are no blind spots when towing and parking – a world first in a production RV.

Nautilus instant hot-water system- never run out of hot water again!

Great value, full of features

JAYCO CONSTRUCTION

Tough Frame

Jayco's vacuum-bonded quad-layer wall construction technology is both stronger and lighter than the conventional 'timber & tin' aluminium-clad caravan walls. Built on lightweight aluminium frame for extra strength and longevity, Tough Frame provides great thermal and acoustic insulation.

Endurance chassis

Lightweight yet superstrong, our chassis are hot-dip galvanised for lifelong protection against corrosion. They feature Jayco Pressed Steel C-Section (PSC) floor members which are lighter than conventional box section steel, 300% stronger and resist bending by 175%.

JTECH 2.0 Suspension

Purpose-built to complement the Jayco Endurance chassis, JTECH independent coil suspension delivers greater stability, precise handling and increased ground clearance for easy and safe towing.

Aluminium frame

The furniture in your Jayco caravan is built on our patented aluminium frame for strength and durability.

SAFETY YOU CAN TRUST

Nitrogen-filled tyres

Nitrogen keeps your tyres as cool as possible and helps maintain a constant tyre pressure even in hotter weather, reducing the risk of blowouts.

Safety Electronic Stability Control

SAFETY FIRST, with optional AI-KO electronic stability control

- A** Critical swerve or sway is detected.
- B** Electronic Stability Control partially applies the RV brakes. The caravan is pulled into line behind the tow vehicle. The sway is stopped and the caravan brakes are released.

Breakaway system

If a caravan accidentally separates from the tow vehicle, the system will activate the electric brakes and brake lights (optional).

WHY BUY JAYCO?

Buying a new van, trading in or servicing the one you have, for 44 years, Australians have trusted Jayco with their holiday memories.

NATIONWIDE SUPPORT

With 29 authorised Jayco dealers and 100+ service agents around the country, Jayco's support network is the most comprehensive in Australia.
